All the Regional Joint Directors of Intermediate Education are directed to bring it to the specific knowledge of all the candidates that any request for change of posting either by them or through any other quarter would not be accepted, since the same is done through a process of counseling

Any extraneous pressure put on the Department by any of the candidate would be against C.C.A Rules and would be dealt accordingly. This aspect should be specifically informed to each candidate personally by the Regional Joint Directors of Intermediate Education, since the Department is very serious to curb this practice of asking for change in postings at a later date through pressures from various quarters

The receipt of these proceedings should be acknowledged
